  - a. Arrest Control Sergeant Ike Beers  
Chair

Sergeant Beers reported that the committee conducted one inspection at Pueblo Community College. The committee is trying to get more inspections done this year. Committee is actively recruiting new members. Working with Thornton to get their ACT program up and going. The committee had three full skills applications that were approved and two that they will follow up on to make sure that they are able to get them approved soon. One injury review was conducted that was deemed to not have any major issues; it was just an

unfortunate accident. There was also a discussion about the prone restraint house bill, so all are aware of the bill.

- b. Curriculum Janet Larson  
Chair

The Curriculum SME chair Janet Larson reported that the committee met last week. They are still reviewing Thornton and are more than halfway through with the approvals for their courses. Chair Janet Larson sat in on the traffic code class, and she feels this will be a fun and pragmatic class which will be very applicable to the job. She feels they are doing a great job. Curriculum revisions were approved by the Board at the December meeting, which were then sent out to the academy directors, raising some questions. These questions have resulted in a submission for proposed changes to Stress Management and Tactical Medicine. The full Ethical Decision Making Under Stress (EDMUS) course would be an acceptable substitution for the four-hour Stress Management requirement. The qualifications to teach Tactical Casualty Care for Law Enforcement were clarified to remove confusion. Learning goals and outcomes were also clarified.

*Motion to approve recommended changes - 1<sup>st</sup> Martin, 2<sup>nd</sup> Lucero  
Approved unanimously.*

- c. Driving Commander Karl Smalley  
Chair

Commander Smalley reported that ten full skill instructors were reviewed and approved. One applicant was tabled pending submission of additional documentation. The Thornton Police Department academy driver program was reviewed and approved. The committee is also discussing the development of a driving instructor program for the SME members to teach across the state to assist training regions and individual agencies. 14 members attended the last committee meeting, making a full quorum, and two members were excused due to other commitments.

- d. Firearms Undersheriff Paul Gregory  
Chair

Undersheriff Gregory reported that the committee conducted two test outs, one inspection, and two more upcoming in April. The committee approved three programs, one of which, was Thornton Police Department Firearms program. They have conducted one RDS instructor course. These are new courses, and

the committee is working on some minor verbiage changes for the qualification course, and they've also established a subcommittee to work on some changes for the handgun instructor program for relevancy and redundancy.
