## PUBLIC SAFETY LEADERSHIP DEVELOPMENT

UNIVERSITY of  
DENVER

DANIELS COLLEGE OF BUSINESS  
Executive Education

## Public Safety Leadership Development

BUILT IN PARTNERSHIP WITH MULTIPLE PUBLIC SAFETY OFFICES

2022-2023 PROGRAM INFORMATION

The Daniels College of Business **Public Safety Leadership Development** program combines world-class faculty with personal assessments, leadership exercises, analytical assignments, and challenging activities to provide a life-changing experience for public safety emerging leaders. Participants gain insight into their personal style, capabilities, strengths, and weaknesses and in turn understand their team's capabilities, strengths, and weaknesses. Collaboratively built and fine-tuned by input from multiple agencies, nearly 900 leaders have completed the program since it's start in 2008.

The PSLD program is reviewed by the Colorado Peace Officer Standards and Training Office. There are funding options available for small and remote agencies.

### DANIELS COLLEGE OF BUSINESS

Through Executive Education, the Daniels College of Business partners with leading Colorado organizations to build the most innovative leadership programs for their executives and emerging leaders. With a commitment to relevance as our guide, programs are tailored to the specific needs, culture, and strategy of the organization. We are committed to providing relevant, life-changing educational experiences to further develop extraordinary leaders within our Colorado communities.

ACCELERATING POTENTIAL & PERFORMANCE

# COURSE INFORMATION

2022-2023

## PROGRAM STRUCTURE

We recognize that time is a most valuable resource; therefore this program is highly concentrated. The program compresses the very best content and resources into five days.

The first session is a three-day retreat held off-site at The Nature Place where participants will be removed from their day to day lives and immersed in the program. This offsite session allows for participants to engage in team building, classroom experiences, and networking opportunities. The Nature Place is a comfortable mountain retreat and conference center located on a 6,000 acre privately owned ranch, one hour west of Colorado Springs. Visit [www.thenatureplace.net](http://www.thenatureplace.net) for more information.

The next two sessions are held virtually or in-person (depending on cohort) and include both individual classroom participation and group/team work. The dates and assignments are strategically spaced to allow participants to apply what they have learned and to return to the team with stories of success and insightful questions, further customizing the program as it progresses. The final session includes a graduation ceremony where supervisors and leadership teams are invited to attend.

Date updated: February 4, 2022  
Please consider documents received prior as inaccurate.

“This truly was the best leadership program I have been through (and I’ve been to quite a few) and I know each of you put a lot of time and effort into making it as valuable as it can be for the participants.”

Lieutenant, Aurora Police Department

## PROGRAM PARTICIPANTS RECEIVE:

- ▶ Access to some of the world’s best resources in graduate level business education and leadership development
- ▶ Increased visibility into areas of personal strength and insight into potential areas for growth
- ▶ Tools to develop and maintain stronger peer relationships and information to help with current challenges
- ▶ Education to improve team organizational performance
- ▶ Exposure to best practices in a variety of subject matter areas to improve business and operational skills, mental health and resiliency, and group dynamics
